TECHNICAL DATA SHEET

CIIFROL BULL 4T SAE 15W 50

Advanced Multigrade Four-Stroke Motorcycle Engine Oil

DESCRIPTION

Bull 4T 15W-50 is an advanced four-stroke motorcycle engine oil. This product helps provide an outstanding level of performance in today's high-performance motorcycles. It helps keep 4-stroke engines running clean while protecting them even in extreme operating conditions.

PERFORMANCE STANDARDS

- API-SN
- JASO MA-2

KEY PERFORMANCE FEATURES AND BENEFITS

Bull 4T 15W-50 combines high-performance base stocks and a precisely balanced component system to help provide outstanding engine cleanliness, excellent wear protection at high temperatures and effective protection from corrosion. It helps maintain maximum power output through the performance and protection provided by its advanced technology. This specially engineered motorcycle engine oil is designed to deliver performance under severe operating conditions across seasons and driving environments.

- Optimised frictional properties.
- Exceptional wear protection.
- Outstanding thermal and oxidation stability.
- Outstanding low-temperature properties.
- Excellent detergent/dispersant capability.
- Effective protection from rust and corrosion.

APPLICATIONS

- Passenger Cars

The source document states that it is suitable for new-generation imported and Indian passenger cars requiring API SN and SAE 10W-30 viscometrics.

- Light Duty Diesel Vehicles

The source document also states suitability for light-duty vans and trucks running on diesel.

TYPICAL / CONTROL PROPERTIES

S. NO.	CHARACTERISTICS	ASTM	CONTROL LIMIT
1.	Appearance	Visual	Bright & Clear
2.	Sp. Density at 29.5° C	D-1298	To report
3.	Colour	D-1500	L 3.0 max
4.	K. Viscosity @ 40° C (cSt)	D-445	To report
5.	K. Viscosity @ 100° C (cSt)	D-445	16.5 to 18.0
6.	Viscosity Index	D-2270	150 min
7.	Flash Point COC (°C)	D-92	200 min
8.	Pour Point (°C)	D-97	-35 max
9.	TBN (mg/KOH)	D-2896	8.50 to 10.0

The information provided in this Technical Data Sheet is based on our best knowledge and experience and is intended as a general guide. The technical data represents typical values and may vary depending on product batches, operating conditions and application methods.

Users are advised to refer to the latest Technical Data Sheet and Safety Data Sheet (SDS) for applicable product information.

Users are advised to evaluate the product for suitability for their specific application and to follow recommended handling, storage and safety practices. CIIFROL accepts no responsibility for any loss, damage or injury resulting from improper, unintended or abnormal use of the product or conditions beyond its reasonable control.
